- .4 **CONSOLIDATED EVENTS** — As a local option, events may be sanctioned and seeded as a single event, without regard to swimmers' ages or gender, in the order of submitted entry times. Places, awards, and published results for these events may be separate for each age group and gender.

102.2 ENTRIES— GENERAL RULES

- .1 In order to compete in a meet, a swimmer must be entered in compliance with the event entry requirements stated in the meet announcement.
- .2 In a preliminaries and finals meet a swimmer may compete in not more than three (3) individual events per day.
- .3 In a timed finals meet a swimmer may compete in not more than five (5) individual events per day.

- .4 If, due to conditions beyond the meet officials' control (e.g., a thunderstorm), an event or events are postponed to a subsequent day of the meet, such postponed events shall not be included in the above events-per-day limitations.
- .5 In a meet where finals for an event(s) are scheduled to be contested on a day subsequent to preliminaries for that event(s), that finals event(s) shall not be counted in the daily event limitation.
- .6 In a meet where a combination of preliminary and final events and timed finals are scheduled, a swimmer may compete in not more than three (3) individual events per day, unless entered exclusively in timed final events that day.
- .7 The above limitations on individual events apply regardless of the classification mixture or if separate meets or time trials are being conducted. These, and additional limitations on entries which may be established by the LSC's sanction or approval, shall be clearly stated in the meet announcement.
- .8 In a mixed classification meet a swimmer may enter the same stroke and distance individual event in an age group and any other classification, provided the limit of events per day for the type of meet is not exceeded. The same entry time must be used for all repetitive entries.
- .9 If a meet or an event has no qualifying time standards, a swimmer who has no official time for an event may enter that event with no submitted time. Meet hosts may specify in the meet announcement that swimmers must submit estimated times if they have no official times.

102.3 RELAYS *(old 102.4)*

- .1 Relay teams shall not compete unattached. In all cases relay teams must be composed of USA Swimming members of the same club, school or organization which is a member of USA Swimming. This requirement does not apply to relay teams representing an LSC at a Zone meet; ~~or teams competing at the Olympic Festival and similar all-star competition sanctioned or approved by USA Swimming sanctioned or approved meets.~~ Foreign relays competing in USA Swimming sanctioned meets must consist of members of the same foreign club or may represent their recognized FINA federation if so authorized by that federation.
- .2 Relays may be conducted on a timed final basis or with preliminaries and finals.
- .3 Organizations entering two or more relay teams in an event shall designate them on the entry blank as Team A, Team B, etc.
- .4 The ~~best~~ time of each relay team shall be entered on the entry blank for seeding purposes and no change in time will be permitted.
- .5 First and last names of swimmers eligible to compete in relay events shall be entered in accordance with the meet information.
- .6 The composition of a relay team may be changed between preliminaries and finals. All members competing on a relay team disqualified during preliminaries shall be barred from further competition in that event.
- .7 Names of eligible relay swimmers and order of swimming shall be submitted to the clerk of course or to the head lane timer. Any changes in names of the competing swimmers or their order of swimming must be declared to the Head Lane Timer prior to the start of the heat in which such relay team is entered. No changes will be permitted thereafter.
- ~~.8 The competing teams, first and last names of members and their ages, must be listed in the meet results.~~

102.4 SCRATCH PROCEDURES *(old 102.3)* — Each swimmer shall become informed of the meet starting time and shall report to the proper meet authorities promptly upon call. Meet announcements and advance information shall specify check-in and scratch procedures for individual and relay events and penalties for violation of those procedures.

102.5 SEEDING, LANE ASSIGNMENTS, AND SEEDING COUNTERS SWIM-OFFS, AND ORDER OF HEATS

- .1 **Preliminary Heats When Finals are Scheduled** — Entry times shall be ~~assembled~~ (listed) by the meet committee with the fastest swimmer first and the slowest swimmer last. Swimmers whose submitted times are

identical should be assigned places in the list by draw. Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be seeded in lanes under the procedure outlined for finals seeding in 102.5. Swimmers shall be seeded in heats according to submitted times in the following manner:

A Fewer than three heats

- (3) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee's discretion.
- (4) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, next in the first heat, etc.

B Three heats — The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the third heat, etc.

C Four heats or more — The last three heats of an event shall be seeded in accordance with B above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 102.5.

D Exception — When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers in such heat to less than three.

- .2 **Swim-Offs** — A swim-off is considered to be part of the total preliminary process of qualifying for the finals. In no case may a swimmer with a faster time displace another who placed ahead of him within a heat as the result of a decision by the referee or place judges in accordance with Section ~~102.16~~ 102.24. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off to qualify for the disputed place or places in the final. The swim-off shall be timed and judged in the same manner as the original event unless a subsequent timing system malfunction requires that an adjustment be made. For the seeding of finals, the times used for the swimmers involved shall be the times achieved in their original preliminary heats. This elimination may be held at any time set by the Referee, but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. In the case of a disqualification in a swim-off the swimmer so disqualified is relegated to the lowest qualifying position for which he/she is competing. Disqualification in a swim-off for a qualifying position shall not eliminate a swimmer from eligibility to compete in the accompanying finals, or as an alternate. If disqualifications leave a vacancy for the full complement of finalists, swim-offs shall be continued among the disqualified swimmers until a full complement of finalists is assured.

Note: It shall be the swimmer's responsibility to become acquainted with information pertaining to swim-offs, final events and the participants therein.

- .3 **Finals** — In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time, their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times by placing the fastest swimmer or team in the center lane in a pool with an odd number of lanes, or in lanes 3, 4, or 5 respectively in pools having 6, 8, or 10 lanes. The swimmer having the next fastest time is to be placed in the lane to the left, then alternating the other swimmer(s) to the right and left in accordance with the submitted times. (See chart below)

.4 Timed Finals

A **Heats** — The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in .3 above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.

B **Places** — In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be declared officially tied for awards and points, with no further attempt at resolution.

.5 **Seeding of 50 meter events in a 50 meter course** — 50 meter events swum in a 50 meter course shall be seeded as provided above. If the event is started at the turning end of the course, no change in the lane numbering shall be made, i.e., the lanes shall be numbered the same on both ends of the course.

~~.6 Counters~~

~~.7.6 Order of Heats~~

A Preliminary Heats and Timed Finals — The normal order of heats may be reversed by swimming the fastest heats first. Women's and men's heats may be alternated.

B Finals — The order of heats during the finals of a preliminaries and finals meet may be reversed, with the B and C (consolation and bonus) heats, if any, swum following the A (final) heat. In the event of scratches, the empty lanes may be filled by moving the swimmers up in order from the slower heats and by using the available alternates in the slowest heat without reseeding the heats.

C ~~All above changes in~~ The order of heats shall be stated in the meet ~~information~~ announcement.

102.6 Counters (old 102.5.6)

A A swimmer in ~~any individual~~ the 500/1000/1650 yard or 800/1500 meter freestyle or other long distance pool event (see 102.1.3) of 16 or more lengths may appoint one counter to call lengths or indicate lengths by visual sign.

B Verbal counters shall be limited to one per swimmer and shall be stationed at the end of the course opposite the starting end. They may use watches and signal intermediate times to the swimmer.

C If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer's lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer nor interfere with another competitor or present any safety hazard.

D The count may be in ascending or descending order.

E In the event of official or counter error, it is the responsibility of the swimmer to complete the prescribed distance.

.3 The entry provisions and starting time of any event, meet or portion thereof shall stand as stated in the meet announcement (except as permitted under .4 below) and may not be changed to an earlier time or date unless written notice of such change is delivered to all affected swimmers or their coaches. If mailed, such notice must be postmarked no later than the entry deadline date stated on the meet announcement, and if lack of time prohibits mail notification, all affected swimmers or their coaches must voluntarily agree in writing that they have been notified and are in accord with such change. Any affected swimmer or his or her coach may file a written protest with the Referee prior to running of the event or meet if they do not agree to such change in time or date.

.4 Postponement or Cancellation

A If, prior to its commencement, unusual or severe weather or other conditions preclude the possibility of safely and effectively conducting a meet or an event, the meet committee may cancel or postpone it.

B Should a meet or event have actually commenced, and in the judgment of the Referee cannot safely and effectively continue because of weather conditions, or for some other compelling reason, the Referee, in his/her sole discretion, may suspend the meet or event until conditions warrant continuance. If circumstances do not warrant continuance, the Referee may cancel the meet or event, or postpone it to a future date or time, with the approval of the meet committee.

C A decision to cancel or postpone shall be final.

D Should an event have actually commenced but is terminated prior to an official finish, and is postponed to another time or date, it shall then be conducted between the swimmers who were officially competing in the event at the time of the termination.

E Entry fees for teams or swimmers may be refunded, in whole or part, at the discretion of the meet committee, upon cancellation of a meet or particular event. The decision of the meet committee on refunding may be appealed to the LSC Board of Review for hearing under the provisions of Part 4.

102.20 CLERK OF COURSE *(relocated from 102.17)* —The Clerk of Course shall be provided with a list of the names of all swimmers in all events including relay swimmers in the order in which they will swim. If manual seeding is used, the Clerk of Course shall assign heats and lanes. A Clerk of Course may be used to organize swimmers and escort them to the blocks for their assigned heats.

102.21 ANNOUNCER *(relocated from 102.20)* — The announcer shall make any announcements requested by the Referee, the Clerk of Course or the meet management. ~~Announcements may include: event; number of heats; lane, name and club affiliation of competitors; and results.~~

102.22 DISQUALIFICATIONS *(relocated from 102.10)*

.1 A disqualification can be made only by the official within whose jurisdiction the infraction has been committed. Except for the relay take-off judges when dual confirmation relay take-off judging, as provided in ~~102.15.6B~~ 102.13.6B, is used, the Referee, stroke, turn, or relay take-off judge upon observing an infraction, shall immediately raise one hand overhead. If the official does not do so, there shall be no disqualification unless the Program Operations Vice President has directed that the meet be conducted under FINA procedures.

.2 The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his/her coach and inform him/her as to the reason for the disqualification.

.3 Any swimmer who acts in an unsportsmanlike or unsafe manner within the swimming venue may be considered for appropriate action or penalty by the Referee.

.4 A swimmer must start and finish the race in the same lane.

- .5 Standing on the bottom during a freestyle race shall not disqualify a swimmer, but a swimmer must not leave the pool, or walk, or spring from the bottom. Standing on the bottom during any other stroke shall result in disqualification.
- .6 Obstructing another swimmer by swimming across or otherwise interfering shall disqualify the offender, subject to the discretion of the Referee.
- .7 Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be barred from the next individual event in which that swimmer is entered on that day or the next meet day, whichever is first.
- .8 Dipping goggles in the water or splashing water on the ~~competitor's~~ swimmer's face or body prior to an event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
- .9 Should a foul endanger the chance of success of a swimmer(s), the Referee may allow the affected ~~competitor(s)~~ swimmer(s) to reswim the event. In case of collusion to foul another swimmer, the Referee may, at his/her discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer committing the foul.
- .10 Grasping lane dividers to assist forward motion is not permitted.
- .11 For relay disqualifications, refer to 101.7.3.
- .12 The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.
- .13 Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

102.23 PROTESTS *(relocated from 102.11)*

- .1 Protests against the judgment decisions of starters, stroke, turn, place and relay take-off judges can only be considered by the Referee and the Referee's decision shall be final.
- .2 For consideration of all other protests lodged at the meet, the Referee may appoint a meet jury. The jury shall consist of not fewer than three (3) and not more than five (5) persons, at least one of whom shall be a coach and one an athlete.
- .3 Protests made prior to the race contesting the eligibility of a swimmer to compete or to represent an organization shall be made to the Referee in writing. If a protest is not resolved, the Referee or the meet jury shall allow the swimmer to compete under protest and it shall be so announced before the race.
- .4 All other competition-related protests, including protests concerning eligibility and representation, must be made to the Referee and submitted in writing within 30 minutes after the race in which the alleged infraction occurred.
- .5 Except as provided in ~~102.11.1~~ 102.23.1, the Referee's or the meet jury's ruling may be appealed as follows:
 - A Protests concerning interpretation of the rules in Part One and Part Seven of the USA Swimming Rules and Regulations shall be submitted in writing within ten (10) days to the Chairman of the USA Swimming Rules & Regulations Committee who shall issue a ruling within five (5) days from the date of the receipt of such protest. This ruling shall be final and binding on all parties.
 - B All other protests, together with the Referee's or the jury's written decision, shall be submitted to the General Chairman, or designee, of the sanctioning LSC or, in the case of a National Championship or trials class meet, to the National Board of Review, in accordance with the Hearings and Appeals Section of the USA Swimming Rules and Regulations.
- .6 The official results of any protested race shall not be announced, the affected awards shall not be given, and points scored shall not be allocated until the protest is resolved or is withdrawn in writing.

102.24 TIMING RULES *(Relocated from 102.16)*

.1 Requirements for Official Time *(Relocated from 102.16.4)*

A Performance Requirements

- (1) An official time can be achieved only in USA Swimming sanctioned or USA Swimming approved competition, or in an observed swim in accordance with all applicable rules. It may be achieved in:
 - (a) ~~A preliminary or final~~ Any heat.
 - (b) ~~A swim-off held to determine qualifiers or alternates for consolation or final heats.~~
 - (c) A lead-off leg in a relay.
 - (d) A split time recorded from the official start to the completion of an initial distance with a legal finish within a longer event, provided the swimmer completes the event or the lead-off portion of the relay in compliance with applicable rules.
 - (e) A time trial or a record attempt.
- (2) An official time for an event or a stroke can be achieved only in that event or stroke, or in an initial distance of such event or stroke (e.g. a backstroke time must be achieved in a backstroke event or the backstroke leg of a medley relay). Regardless of the stroke(s) used, times achieved in freestyle events can be recorded only as freestyle times.

- B Timing Resolution** — All timing systems, including manual watches, shall have a resolution of one one-hundredth of a second (0.01 second). Times from all systems shall be recorded to hundredths of a second. The digits representing thousandths shall be dropped with no rounding.

PRIMARY TIMING SYSTEM	USE OF OFFICIAL TIME
LEVEL 1 Automatic Timing for all purposes.	World, American and U.S. Open Records; Initial distance splits and relay lead-off times
LEVEL 2 Semi-Automatic with 3 buttons	NTVs for 50m distances in a 50m pool; National age group records; NAG Recognition Times
LEVEL 3 Semi-Automatic with 2 buttons, or Manual with 3 watches	NTVs, except for 50m distances in a 50m pool; LSC and other local records, unless prohibited by the LSC; Initial distance splits and relay lead-off times for age group time standards (A, B, C times, etc.)
LEVEL 4 Manual with 2 watches	Zone, Regional, or LSC sponsored meet time standards, unless Timing System Level 3 is specified;

C System Requirements for Specific Purposes

- (1) ~~The official time may be used for the purpose listed only if timed by a timing system of at least the level required for that use. Official times achieved using a timing system in accordance with 102.24.3 are valid for all entry time and recognition program purposes with the following exception: World, American, and U.S. Open Records can be established only when timed by an automatic timing system, a backup camera system, or semi-automatic system if the automatic system fails.~~
- (2) ~~World records can be established only when timed by an automatic timing system or a semi-automatic system if the automatic system malfunctions.~~

- (3-2) A backup time adjusted for timing system differences as described in ~~102.16.5~~ 102.24.4 may be used as an official time ~~equal to the level of the timing system for which it has been adjusted.~~
- D **Backup Timing System Requirement** — Except when the primary system consists of watches, backup timing shall be provided for all competitors. No swimmer shall be required to reswim a race due to equipment failure which results in unrecorded or inaccurate time or place. It is the Meet Director's responsibility to provide the proper timing systems so that swimmers can expect to achieve official times that will satisfy the requirements of ~~102.16.4C~~ 102.24.1C.
- E **Use of Secondary and Tertiary Times** — Secondary and tertiary times shall be recorded but shall not be used except to corroborate or correct missing or inaccurate primary/secondary results.
- .2 **Timing Systems** (*Relocated from 102.16.1*) — Every race in a swimming competition shall be timed with one or more of the following systems, listed in their preferred order of use:
- A **Automatic** — A timing system ~~whose start is~~ activated by a starting device and stopped at the finish by the swimmer touching the touchpad.
- B **Semi-Automatic** — A timing system ~~whose start is~~ activated by a starting device and stopped by buttons pushed by timers at the finish touch of the swimmer.
- C **Manual** — A timing system consisting of individual lane timers, each operating a manual watch that is both started and stopped by the timer as described in ~~102.16.3C~~ 102.17.3. Only hand-held, battery- powered, digital read-out type watches designed for timing purposes shall be used.
- .3 **Timing System Designation** (*Relocated from 102.16.2*) — Timing systems shall be designated in the order in which results are used as follows:
- A **Primary System** — The primary system shall determine the official time of each swimmer unless a comparison of the primary with secondary and/or tertiary system times indicates a malfunction of the primary system. A primary system shall always be in place and shall consist of one of the following, listed in their preferred order of use:
- (1) Automatic Timing.
 - (2) Semi-Automatic, with three (3) or two (2) buttons per lane, each operated by a separate timer.
 - (3) Manual, with three (3) ~~or two (2)~~ watches per lane, each operated by a separate timer.
- B **Secondary System** — If manually operated watches are not the primary system, a secondary system of precedence equal to or lower than the primary system must be used. The secondary system may be:
- (1) Stationary overhead video ~~Back-up timing~~ cameras recording a minimum of 100 images per second. The cameras must be fully integrated with the primary timing system.
 - (2) Semi-Automatic with one (1), two (2), or three (3) buttons, each operated by a separate timer.
 - (3) Manual with one (1), two (2) or three (3) watches per lane, each operated by a separate timer.
- C **Tertiary System** — Unless the primary system consists of manual watches or the secondary system is a fully integrated video system or includes at least one (1) manual watch per lane, a tertiary system of at least one (1) manual watch per lane shall be provided.
- .4 ~~Determination of~~ **Determining Official Time** (*relocated from 102.16.5*)
- A **Automatic Timing** — When recorded by properly operating automatic timing equipment, the pad time shall be the official time.
- B **Semi-Automatic and Manual Timing** — Whenever semi-automatic or manual timing is used, only valid times shall be used in calculating the official time. ~~the~~ The times shall be determined as follows:
- (1) If two of the three button or watch times agree, that shall be the time for that timing system.
 - (2) If ~~all~~ three valid buttons or watches disagree, the time of the intermediate button or watch shall be the time for that timing system.

- (3) If only two valid button or watch times are available, the time shall be the average of those two buttons or the average of the two watch times. The digits representing thousandths of a second shall be dropped with no rounding.
- (4) If only one button or watch time is available, the time of that button or watch shall be the time for that timing system provided it is supported by other information.

C Primary Timing System Malfunction — A malfunction may have occurred if:

- (1) The difference between the time obtained by the primary system and the back-up system(s) is more than .30 second; or
- (2) ~~A late or missed touch~~ It is reported the swimmer missed the pad or had a soft touch by an official observing the finish.

D Adjustment for the Timing System Difference — When the Referee determines that there is a malfunction of the primary timing system, the back-up time(s) shall be adjusted for the timing system difference prior to integrating them with accurate primary times in establishing the official times and determining the order of finish results. The adjustment for timing system difference may be incorporated into the automatic or semi-automatic system by design or may be determined by calculating the consistent average difference between the valid primary and back-up systems used at that meet.

E Adjustment for Malfunction on a Lane — When a malfunction is confirmed on a lane, the back-up times for that lane shall be adjusted by calculating the average difference between valid primary and valid back-up times of the other lanes in that heat, or if necessary, using times from heats immediately preceding and/or following the heat. This shall be done by adding, or subtracting when appropriate, that average difference to the valid back-up time of the lane where the malfunction occurred. (See ~~Table 4~~ Appendix 1-A on page _)

F Adjustment for Malfunction Equally Affecting an Entire Heat — When, because of an early or late start, or other equipment or operator malfunction, the time of the automatic or semi-automatic primary timing system is equally incorrect for all the lanes in a heat, but the order of finish and thus the absolute difference of time between the swimmers is accurate, the times of the primary system shall be adjusted by calculating the average difference between the primary times and the valid back-up times and adding, or subtracting when appropriate, that difference to the primary times of every lane in that heat. (See ~~Table 2~~ Appendix 1-B on page _)

.5 Determining Order of Finish Results *(relocated from 102.16.6)*

A Place and Ranking — ~~The order of finish results~~ shall be by integration of official times including those times adjusted in accordance with ~~102.16.5~~ 102.24.4.

B Ties — official times identical to the hundredths shall be ties, with swim-offs as required to determine qualifiers or alternates for semi-final, consolation or final heats.

C Judging — Judging shall only be used to change the ~~order of finish results~~ produced by ranking the Official Times if:

- (1) The swimmers competed in the same heat,
- (2) Times obtained from properly operating automatic timing equipment are not available, and
- (3) ~~Both The Place Judges~~ both observed a different relative order of finish and made a written record of their observation immediately following the conclusion of that heat.

Note: A different relative order of finish means there is agreement that a different swimmer finished ahead of another swimmer; there need not be agreement on their exact placement within the heat.

D Impact of Judging on Order of Finish — If judging changes the ~~order of finish results~~:

- (1) In timed finals meets and the finals of preliminaries and finals meets, such placement by judges decision (JD) shall be indicated in the meet results ~~and shall determine the order of finish~~.
- (2) In the preliminaries of preliminaries and finals meets, in no case may a swimmer with a faster time

displace a swimmer who was judged to have placed ahead of him within a heat according to ~~102.16.6.C~~ 102.24.5C. If this should result in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off for the disputed places in accordance with ~~102.5.2~~ 102.5.2.

102.25 SCORING *(relocated from 102.7)*

.4 LSC Options — For mixed classification meets, non-standard events, or when an additional (bonus) heat or only a single championship final heat is swum in some or all of the events, the LSC sanctioning the meet shall establish the scoring point values to suit the format of the meet. These point values shall be stated in the meet information.

.5 Ties — Where two or more swimmers tie for any place in any event, the points credited to such place or places, if any, next in order shall be equally divided between such swimmers; i.e., if two tie for first place, the points to be credited to first place and the points to be credited to second place shall be added and divided one-half and one-half. If three tie for first place, the points credited to first, second and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.

.6 Disqualifications — When a relay team or individual swimmer is disqualified, the subsequent places will move up accordingly and points shall be awarded to conform to the new places. Consolation finalists shall not receive championship final placing. Alternates shall not receive consolation final placing.

102.26 AWARDS *(relocated from 102.6)* — When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

102.27 MEET RESULTS *(relocated from 102.24)* — ~~Copies of printed~~ Meet results shall be provided, as directed by the LSC, within fourteen (14) days after the meet. The results may also be provided ~~on a computer disk in an~~

electronic format or posted to a website. Meet results shall include the following information:

- .1 Meet name, date, location, sanction number, and the pool length (25Y, 25M or 50M) must appear on every page and the pages must be numbered.
- .2 Any scores, team or individual, if kept.
- .3 For each individual event, the order of finish in preliminaries, finals and swim-offs, when applicable, listing the swimmer's first and last name, age, club affiliation and official time; disqualified swimmers shall be listed last and indicated "DQ", with no times listed. Time Trial results shall be provided in the above format, when applicable. If the meet is computerized and connected directly to or interfaced with the automatic timing system then all available initial distance times satisfying the requirements listed in ~~102.16.4A~~ 102.24.1A shall be provided upon request.
- .4 For relays, in addition to the order of finish, affiliation, and official time, the swimmers' first and last names, ages, the order in which they swam, and, if available, lead-off swimmer's time, shall be included.

Note: First names may be abbreviated within the limitations of the printing or computer program. (*End of new Article 102*)

The following 2 provisions will move to Article 103:

102.25 TOBACCO PRODUCTS — ~~Smoking and use of other tobacco products is prohibited on the pool deck, in the locker rooms, in spectator seating or standing areas, and in all areas used by swimmers, during the meet or during the warm-up periods in connection with the meet.~~

(Move to Article 103.11 and combine and edit to read as follows:)

103.11 /M/ NO SMOKING SIGNS — ~~No smoking indoors or outdoors shall be permitted in any area designated for swimmers and the facility shall be so posted.~~ **TOBACCO PRODUCTS** — Smoking and use of other tobacco products is prohibited in all areas of the venue.

102.26 ALCOHOLIC BEVERAGES — ~~Alcoholic beverages are prohibited in all areas of the venue, including, but not limited to, pool deck, locker rooms, spectator seating or standing areas, and in all areas used by swimmers. Exceptions to this provision can be made only with the approval of the USA Swimming Board of Directors.~~

(Move to new Article 103.12 to read as follows and renumber remaining sections of 103:)

103.12 /M/ ALCOHOLIC BEVERAGES — Alcoholic beverages are prohibited in all areas of the venue. Exceptions to this provision may be made only with the approval of the USA Swimming Board of Directors.

Judge 2: 3-4-6-8-2-5-7-1									

*Malfunction confirmed. .94 differential not used in the adjustment calculation.

**Adjustment calculation – the sum total of the valid pad times minus the calculated button times divided by the number of lanes used in the calculation. .15 total differential divided by 7 valid lanes = .02 correction.

*** Watch Operator also operated BUTTON A in all lanes:

- 1- Invalid – discarded – not used in calculations due to other data bringing into question that time's validity.
 - a. Lane 3 – Button A is significantly after the Pad Time and Buttons B and C. The Button A time does not correlate with the Place Judges order of finish. This points to excessive human error. The Timing Judge declares that the Lane 3 Button A is invalid and will not be used in future calculations. The Lane 3 Calculated Button Time would be the average of the valid Button B and Button C – 51.02 which confirms the pad time is valid and no adjustment is necessary.
 - b. Lane 6 - Buttons B and C are both more than .3 seconds faster than the Pad, Button A and the Watch times. The Place Judges order of finish correlates with the Pad, Button A and Watch times. The timing judge declares that Lane 6 Buttons B and C are invalid and are not used for future calculations. The Lane 6 Calculated Button Time would be the valid Lane 6 Button A – 51.37 again confirming the pad time is correct and no adjustment is needed.
- 2- Calculated Button time equals the single valid button.
- 3- Calculated Button time equals the average of the two valid buttons.
- 4- Lane 5 - All three buttons and the manual watch times are closely grouped. The Calculated Button Time matches the order of finish in that lane 5 finishes ahead of lanes 1 and 7. The Timing Judge declares the Lane 5 Pad Time to be invalid and proceeds with a backup time correction calculation for lane 5.
- 5- Lane 5 Official Time is the Calculated Button Time – 52.02 - plus the correction factor of .02 for a final Official Time of 52.04.
- 6- After adjusting the Lane 5 Calculated Button Time by .02, the resulting time is .04 seconds faster than the pad time for Lane 2. Both Finish Judges recorded lane 2 finishing ahead of lane 5. The final results would indicate that Lane 2 finished in 5th place and Lane 5 finished in 6th place.
