NOTE: There is no parking at any time in Staff Lots SS1 and SS2 next to the Eppley Recreation Center. If you park in those lots you will be ticketed!

Please note that for pick ups at the Metro we are only allowed to use the designated Shuttle-UM stop on River rd. This is a strictly enforced policy by Metro and the city so unfortunately we can not stop any closer to the parking garage. Passengers should walk to the Shuttle-UM stop and be told to look for a Van and not to get on the 104 or 109 buses. They should also know the drivers will not be able to stop for them on the other side of the street.
