

PVS Webmaster's/Technology Report

September 3, 2008

Contact Information: I have updated the following pages to reflect the new make-up of the board. Please review the pages for accuracy/missing information.

List of PVS Contacts: < http://www.pvswim.org/pvs_contacts.html>

PVS Organization: < http://www.pvswim.org/pvs_organization.html>

PVS Phone/Fax/Mail Information: < <http://www.pvswim.org/phone.html>>

New PVS Administrator: I have been working with the new PVS Administrator, Terri Marlin, on the procedures for loading files on the website and updating pages. This process is progressing well.

Web Site Cleanup: I did some cleanup of the Coaches page and have been working on updating the Officials pages. There is still more work to do on these pages.

Meet Directors Page: No work has been done yet on this proposed new page.

Parents Page: I will (finally!) post the Parents FAQ in preparation for the new season. I also have a few other links that people have sent me to include on this page.

Privacy Policy: I have not made any progress on this.

Registration Page: The information/forms for 2009 USA-S registration that Sumie provided have been posted.

Photos Page: A new page has been added to post photos from PVS meets/events. I don't plan on posting a lot of photos, but will post a few from each event, if I receive them.

Wikipedia Article: It was pointed out to me that there is a Wikipedia article about PVS <http://en.wikipedia.org/wiki/Potomac_Valley_Swimming>. We need to monitor it for accuracy and update it for current information.

Real-Time Results at Zones: We were able to provide real-time results from the Zone Meet at Montgomery Aquatic Center by borrowing a Verizon Broadband Card. I suggest the PVS acquire this capability for use at all championship meets. Website statistics show this to be a very popular feature.

Email Lists: I've been working on updating our email lists and converting them to listservs. The lists for the PVS board and Flash Mail have been completed. I've also completed the new lists for the Officials List and the Officials Committee. If PVS develops an electronic newsletter in the future, it will be easy to set up for the members to subscribe and unsubscribe themselves.
