

Potomac Valley Swimming Webmaster's/Technology Report

February 6, 2012

Webmaster

Below are some of the highlights of activity for the last month.

Meet Announcements - The meet announcements for all the 2012 PVS Spring championship meets were posted by the middle of January. I acknowledge all of Terri Marlin's hard work to get that done.

Applications to Officiate - Applications to Officiate the SC Senior Championships, SC Junior Championships and 14&U Junior Olympic Championships meets have been posted. Also, application to officiate the Sectional and Zone meets have been linked from the EZ website.

<http://www.pvswim.org/official/applications.html>

PVS Top Times Lists - The PVS Top Times have been updated through the end of January. These lists are popular with the swimmers and their parents, but also provide the means for finding incorrect data in SWIMS. This data from SWIMS is the basis for the USA-S Top Ten Lists.

<http://www.pvswim.org/toptimes.html>

Realtime Results - The PVS website provided real-time results support to the IM Extreme Meet in January.

Zone Team Selection - Jim Garner has once again created, and is maintaining lists of top times for the 2012 PVS SC Zone Team. These lists differ from the PVS Top Times Lists cited above in that they do not include swimmers eligible for the zone team and they are based on the swimmers age for the zone meet.

High School Results - PVS is again posting results of local H.S. Championship meets that include PVS swimmers. Eleven meets are already posted, with many more to come. This is always a popular feature of the website. I have also been providing some of the results to the Washington Post's website reachforthewall.com.

Technology

I provided a PVS computer to the PVS January Open. I have provided PVS radios to a number of meets in the last month.

Comments and suggestions are always welcome.
