- There were discussions on possible changes to the Fall Open Meets. Ideas included removing the 1000 and 1650 from the Friday night sessions and moving several events to Friday nights to help possibly shorted the sessions on Saturday and Sunday. A straw poll was taken on whether or not the CCM would endorse removing the distance events from the Open meets and replacing them with a separate Fall Distance Meet. The general consensus was yes. There were also discussions as to lessen the number of events offered for the 9-10 and 11-12 swimmers and focus more on the 50s and 100s during the fall. It was agreed that something needs to be done, but no real decisions on the best way at this time.
  - Coaches were asked to continue discussions and to talk to their Age Group coaches to see what their feelings are and a vote can be taken in the spring.
- Inter-squad meets were reintroduced to the CCM. It was agreed that the PVS meets are long and there do need to be ways to relieve some of the timelines. There is a thought process that by allowing intersquad meet, timelines may become a little shorter.
  - FCPA was at the meeting and said that with some proper notification inter-squad meets maybe allowed at FCPA facilities; however they are not allowed without notice.
