

PVS Webmaster's Report November 2007

Web Site Cleanup: Not much work was done in this area in November. At the top of my list for cleanup are the Records, Time Standards and Qualifying Times pages. I also have some additional work to do on the Officials pages as identified by the Officials Committee.

Parents Page: I had a PVS parent offer to write a first draft of a Parent's FAQ. She had noticed at an October Meet some repeated questions, such as How does Positive-Check in work?, Why do we need parents for timers and officials?, Where do I find information about the meets?, etc. The first draft is due to me by the end of this week (Dec 15).

Meet Directors Page: PVS lacks comprehensive instructions for meet directors, including their duties and responsibilities. I'd like to see a checklist/timeline showing a meet director when and what they need to do: before the meet announcement/sanctioning process, before the meet (entries, seeding, etc.), during the meet, and after the meet (results, reporting, accounting, etc.). I'm looking for someone that can create a first draft of this process for us.

Search: I have not deployed the search capability yet. I want move or remove some old pages and then tell Google not to index them.

Athletes Page: No work was done on this page in November.

RSS Feed: As you can see from the statistics below, this has become a very popular feature of the web site.

Website Statistics: I am continuing to use the free version of Deep Log Analyzer statistics package. During November, we had an average of 3,307 visitors per day to the website. The heaviest day was Monday, November 12th (5,631 visitors), and the lightest day was Thursday, November 22nd (2,132 visitors). Besides the Home Page, the most popular pages were:
