- **Any swimmer observed swimming under or through the bulkhead by a Meet Official or Safety Marshal will be disqualified from that swimmer's next individual event or from the remainder of the meet, as determined by the Meet Referee. This policy will be strictly enforced.**

All warm-up periods shall be supervised by the appointed marshals. Coaches shall not permit their athletes to enter the pool until the marshals have declared the pool open for warm-up. No entry is permitted across lanes, from the pool side, or from the non-start end of the pool, under any circumstances. Marshals or team coaches shall clear the lane of all swimmers before opening the lane for sprinting. All sprint lanes are one-way only and the swimmer must exit at the opposite end of the pool. The use of kickboards, hand paddles, and similar training devices, is not permitted in open warm-ups.

The Meet Director or Referee may modify the schedule or lane assignments depending on the pool configuration, the number of swimmers, the availability of separate warm-up facilities, etc., as long as USA Swimming and MA safety considerations and the equitable treatment of all entered athletes is not compromised. All such changes will be announced and posted throughout the meet venue. Athletes who act in a manner that is injurious to themselves or others will be disqualified from their next individual event.

**OFFICIALS:**

- Each LSC is required to provide a minimum of two (2) timers at each session.
- Each LSC is required to provide at least one (1) stroke and turn judge at each session. Key deck officials, i.e., Referees and Starters, as endorsed by each LSC, will be assigned by the Meet Referee.
- It is expected that this meet will be run as a National Certification Meet. Officials must work at least three sessions and attend the Officials Meeting one hour before the start of each session in order to obtain or renew their National Certification.

**ADAPTED SWIMMERS:** Each LSC may bring two swimmers age 12 and under with disabilities and two swimmers age 13-18 with disabilities to the meet. These adapted swimmers are in addition to the two (2) swimmers per event permitted each LSC. The LSC may select the adapted swimmers at their own discretion. Based on the recommendation of the LSC coach or Manager, the Meet staff will determine where the swimmer best fits into the meet (i.e., seeded with their peers, seeded with their peers but in a shorter distance, seeded with younger swimmers, etc.) and the swimmers will be placed accordingly. All adapted swimmers competing in the meet will receive participation medals.

**Procedures for Inclusion of Swimmers with Disabilities:**

1. This meet does not use Time Standards; swimmers with disabilities may compete without having achieved any qualifying standard for their age group. However, an entry time must be provided for each event entered. Swimmers with disabilities should be highlighted on the hard copy of the LSC's meet entry. Classification of a swimmer with a disability is not required. Each LSC should use the attached form to enter a swimmer with a disability.
2. Each LSC may select two swimmers of age 12 and under with disabilities, and two swimmers of age 13-18 with disabilities according to their LSC policy. Examples of selection criteria and procedures are available from the Middle Atlantic Adapted Chairman. Fiona Patrick at [defeand3@verizon.net](mailto:defeand3@verizon.net).
3. Swimmers with disabilities will be eligible to compete in Finals, earn Awards and score points for their team in the same manner as the able bodied swimmers.
4. It is the responsibility of each Adapted swimmer, or their coach, to inform the Meet Referee of any disability-related accommodations needed for the swimmer to compete. This information must be given in advance of each session. The Meet Referee shall inquire about the swimmer's needs and shall determine what modifications may be required. This information shall be relayed to the Starter

and Stroke and Turn Judges. Visually impaired swimmers who require tappers must bring their own devices and individuals to use them.

5. The Meet Referee shall seed the Adapted swimmer in a number of ways, as deemed appropriate. These include: seed the swimmer with others of the appropriate age and gender; allowing the swimmer to complete at a shorter distance of an event (i.e., swim the 100-yard backstroke during the 200-yard race); or swim with a younger age group where the entry time is similar to the able-bodied swimmers for the same distance (i.e., a 15-year old swimmer could swim the 100 freestyle with the 9-10 age group). The final meet results will show the Adapted swimmer listed in the correct age group and event, regardless of where he/she actually competed. The Meet Referee may reassign the lane of a deaf swimmer if a required view of the strobe light is obscured, and the light cannot be repositioned.
6. Middle Atlantic will try to obtain current American Records for swimmers with disabilities from USA Swimming. It is the swimmer's responsibility to complete and submit an application for an American Record should one be set.

Changing the distance may affect the day on which the swim occurs. Take these factors into consideration when selecting the seeding procedure for each event listed below. The Meet Referee has the final decision regarding seeding procedures.

Event #	Event Description	Entry Time	Seed With Age Group (same age, same distance)	Seed with Different Distance (same age, different distance)	Seed with Comparable Time (younger age, distance depends on entry time)
