## Potomac Valley Swimming 2013-2014 Budget <br> Notes

The 2012-2013 fiscal year is expected to end with a budget surplus of $\$ 91,763$ compared to a budgeted surplus of $\$ 20,968$. The increase in surplus over the budget is predominantly due to higher membership registration revenue and significantly more entries in both PVS and club meets plus reduced costs for a number of PVS programs as a result of cost saving actions.
The 2013-2014 fiscal year is expected to end with a surplus of \$73,282 due to continued membership growth and no significant increases in expenses from the previous year. The 2013-2014 projections include one new item for Open Water Support listed under Other PVS Programs.
Based on the above referenced projections, the reserve ratio at the end of 2012-2013 is expected to be $79 \%$ and at the end of $2013-2014$ is expected to be $84 \%$. PVS's target range for the reserve ratio is between $75 \%$ and $125 \%$ of annual cash operating expenses.
